

TG3001 GPON

# Supreme Cost Performance

Single Port GPON

1×GE GPON

Low power consumption

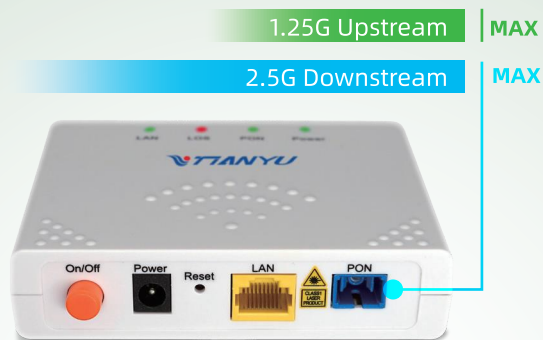

Superb anti-interference  
capability

Classic design

## Stable Data Transmission

- 2.5G Downstream / 1.25G Upstream GPON interface
- Fully electromagnetic interference proof
- Low bit error rate
- Low latency

## Extremely Energy Saving

- Lower than 6w power consumption

## Compact and Elegant

- Easy to locate with compact body
- Elegant casing fits perfect in indoor environment

## Technical Specifications

 <b>CPU</b> ARM Cortex-A9 1Dual Core 600MHz	 <b>Memory</b> FLASH 8MB DDR 32MB	 <b>LED</b> Power+PON+LOS+LAN
 <b>Interface</b> 1×GE	 <b>Work model</b> PPPoE、DHCP、Static IP mode	 <b>OS</b> <b>System</b> System properties/password modification/ backup upgrade/restart
 <b>Button</b> 1×RESET+1×ON/OFF	 <b>Management approach</b> OMCI / Web UI management SSH management using cli commands Dual system software backup	 <b>Power adapter</b> DC 12V/1A
 <b>Colour</b> White/Black		 <b>Power Consumption</b> ≤6W
